

# ODOUR SCAVENGER MASTERBATCH

*Designed To Reduce Undesired Odour*

| Exceeding Your Expectations | [www.blendcolours.com](http://www.blendcolours.com) |

- **Blend Odour Scavenger MB**, gives a complete solution to reduce or remove undesired odour from the polymer, in recycled material
- It is suitable for extrusion, injection & blow molding process
- It does not give out any fragrance, but used for the reduction of the chemical smell in the finished product
- Especially suitable for PP, HDPE, LDPE

## OVERVIEW

**Blend Odour Scavenger MB** provides you:

- Long-lasting odour absorber effect
- A significant approach to sustainable development
- Removes the odour of recycled material
- Reduces the volatile content in carbon footprints
- Reduces the odour during processing
- Good thermal stability & processability

## OTHER DETAILS

### Application

- Milk Pouch Recycling
- Barrels & Drums
- Consumer Waste Recycling

### Technical Details

- Density: 1.10-1.20
- Dosage: 3-6%
- Appearance: Off White

### Performances

- Removes unpleasant smell
- High absorption capacity
